Motions submitted to the IPSC General Assembly 2026

MOTION 1

Subject: Modernization of Team Scoring Rules – Enhancing Fairness and Team Spirit

Submitted by: IPSC Sweden

Existing Wording

Rule 6.4.3 – Team Scoring Calculation

Team results are calculated by summing the final individual results of the three highest-scoring members of each team.

Proposed Wording

Rule 6.4.3 – Team Scoring Calculation

Team results shall be calculated by summing, for each stage, the scores of the three highest-scoring members of the team.

The total of these per-stage results shall constitute the team's final match score.

This method allows all four registered team members to contribute to the team's overall performance, as the top three results may vary from stage to stage.

The same principle shall apply to both National Teams (Level IV–V) and Club Teams (Level III).

Rationale / Reasons

This proposed amendment introduces a fairer and more dynamic way to evaluate team performance.

With today's fully digital scoring systems, IPSC has the technical capability to process results per stage in real time.

This improvement rewards consistency, teamwork, and collaboration — core values of IPSC — by allowing all team members to contribute throughout the match.

It also provides a more accurate reflection of the team's collective strength and increases the excitement for both competitors and spectators.

By adopting this rule, IPSC continues to modernize its competition structure and demonstrates leadership in innovation among international shooting sports federations.

MOTION 2

Subject: Introduction of Lady Super Senior and Lady Grand Senior Categories – Promoting Equality and Inclusion

Submitted by: IPSC Sweden

Existing Wording

Appendix A2 – IPSC Recognition

Currently recognizes the following categories:

Lady, Super junior, Junior, Senior, Super Senior, Grand Senior and Lady Senior

Proposed Wording

Appendix A2 – IPSC Recognition

Currently recognizes the following categories:

Lady, Super junior, Junior, Senior, Super Senior, Grand Senior, Lady Senior, Lady Super Senior and Lady Grand Senior

Lady Super Senior

Competitors of the female gender who meet the same age requirements as those in the Super Senior category, until the 31st December of the year in which they reach that age.

A Lady Super Senior has the option of electing to shoot in Lady Senior Category, but not in both.

If there are insufficient competitors for Lady Super Senior Category to be recognized, all competitors registered in this Category will automatically be transferred to Lady Senior Category.

Lady Grand Senior

Competitors of the female gender who meet the same age requirements as those in the Grand Senior category, until the 31st December of the year in which they reach that age.

A Lady Grand Senior has the option of electing to shoot in Lady Super Senior Category, but not in both. If there are insufficient competitors for Lady Grand Senior Category to be recognized, all competitors registered in this Category will automatically be transferred to Lady Super Senior Category.

Rationale / Reasons

This proposal reinforces IPSC's commitment to equality and inclusion.

When the Super Senior and Grand Senior categories were approved, together with the Lady Senior category, it marked an important step forward. However, the absence of Lady Super Senior and Lady Grand Senior categories creates an inconsistency in fairness and logic. By introducing these two new categories, IPSC ensures that all competitors — regardless of gender — enjoy equal opportunities to participate and be recognized within their respective age groups. This amendment aligns IPSC with international equality standards and gender parity principles adopted by other major sports federations, including Olympic disciplines. It represents a natural and positive evolution in the development of our sport.
